

Quick Reference Guide

PACS Zero Footprint (ZFP)

Medical Image Viewer

This quick reference guide provides instruction on how to access medical imaging for preliminary image review or consultation.

It is NOT intended to replace the diagnostic quality of a radiologist's workstation.

Access

To Log In, you must:

- Launch URL (<https://zfp.healthnl.ca/ZFP>) from a hospital network or select the Icon from your desktop
- Have an active Centricity PACS username and password to access ZFP as a stand-alone application. If you do not have one, contact your local PACS Administrator, or Service Desk.

To Log Out, you must:

- Select the close door icon in the top right of the ZFP header
- **DO NOT SELECT THE "X"/ Close icon at the top of the monitor**  as this does not remove your login credentials

Patient search

- Once logged in, the Study Search screen displays by default. The Filter pane is on the left, and the worklist containing provincial patient exams on the right.
- You may search for a patient using:
 - **MCP or Health Care Number (HCN)**
 - **Medical Record** in the Patient ID field

NOTE: Patient ID (W#) can ONLY be used when searching for Central Health patients and ONLY when you have selected the correct "Domain" CH DOMAIN in the dropdown on the Filter pane. When using this search method, please confirm against full name and DOB when possible.

 - **Patient's name** (Last Name, First Name Middle Initial) ex. Doe, John J and
 - **Patient's Date of Birth** (dd-mmm-yyyy) - select date from calendar drop down
- To further refine your search, add:
 - **Study description** (must enter the RHA prefix: EH, CH, LG, or WH)

NOTE: Entering a specific exam name will only work if the name exactly matches the PACS name.

 - **Modality** (check box)
 - **Exam date** (enter date range)
