

Quick Reference Guide

HEALTHe NL – Immunizations Tab

This quick reference guide demonstrates how to access a patient's immunization record in HEALTHe NL.

Log in to HEALTHe NL

There are two methods that you can use to access HEALTHe NL:

METHOD 1

Launch into HEALTHe NL via Meditech.
Please click [here](#) to view instructions on how to access HEALTHe NL through Meditech in your Regional Health Authority.

METHOD 2

Go to the HEALTHe NL website: <https://healthenl.ca>

- Enter your username.
- Enter your password.
- Click the [Login](#) button.

Confirm your Contact Information

You may be asked to confirm the contact information you monitor daily.

- Enter, update, or confirm the applicable information and click the [This information is correct](#) button.

Search for the Patient

To find your patient, complete the following steps:

- Enter the patient's Health Card Number (HCN).
- Click the [Search](#) button.
- The patient identifiers will appear in a table. Click on the name of the patient to open the patient profile.

- You will know you are in the patient's profile when you see the patient name listed at the top left corner of the screen. From the patient profile, you will see the HEALTH NL tabs displayed across the top of the screen.

Immunization Tab

To view the patient's immunization record, complete the following steps:

Date Given	Vaccine	Antigen / Immunoglobulin	Source
2023-Oct-13	Pfizer-BioNTech Comintax XBB 1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2023-Oct-13	Pfizer-BioNTech Comintax XBB 1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2023-Oct-13	Pfizer-BioNTech Comintax XBB 1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2023-Sep-28	Moderna Spikevax XBB 1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2021-Sep-02	Moderna Spikevax COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2019-Jan-29	Pneum-P-23	Pneumococcal polysaccharide antigen	Community Health
2016-Feb-11	Tdap	Tetanus toxoid Diphtheria toxoid Acellular pertussis antigen low dose	Community Health

- Click on the **Immunizations** tab at the top of the screen. The patient's immunizations will appear in a table where the **Date** the immunization was given, the type of **Vaccine** given, the **Antigen/Immunoglobulin** and the **Source** of the information will display.

Date Given	Vaccine	Antigen / Immunoglobulin	Source
2023-Oct-13	Pfizer-BioNTech Comintax XBB 1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2023-Oct-13	Pfizer-BioNTech Comintax XBB 1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy

- You will see this additional disclaimer. It is important you read this message.

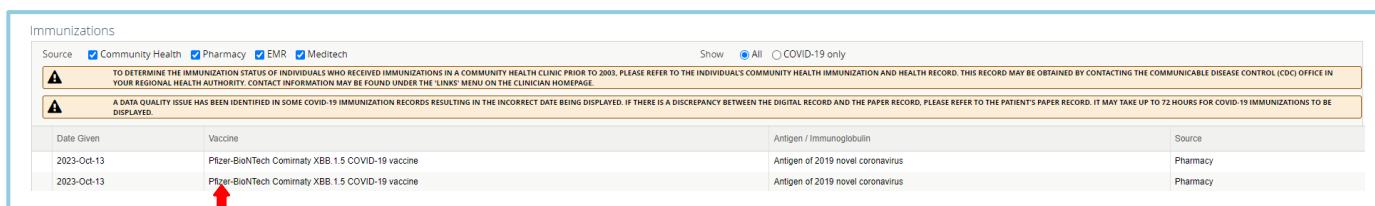

Date Given	Vaccine	Antigen / Immunoglobulin	Source
2023-Oct-13	Pfizer-BioNTech Comintax XBB 1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2023-Oct-13	Pfizer-BioNTech Comintax XBB 1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2023-Oct-13	Pfizer-BioNTech Comintax XBB 1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2021-Sep-02	Moderna Spikevax XBB 1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2021-Sep-02	Moderna Spikevax COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2019-Jan-29	Pneum-P-23	Pneumococcal polysaccharide antigen	Community Health
2016-Feb-11	Tdap	Tetanus toxoid Diphtheria toxoid Acellular pertussis antigen low dose	Community Health

- If the patient record displays a blank field under the 'Date Given' column, please refer to the patient's paper copy to determine the date they received their COVID-19 vaccination.

- Immunization ‘Source’ filters are provided at the top left of the screen:
 - Community Health:** This filter includes all Community Health immunizations from CRMS (since 2003). Community Health does not include COVID-19 immunizations.
 - Pharmacy:** This filter provides immunization records from Community Pharmacies.
 - EMR:** This filter provides COVID-19 immunizations and Influenza immunizations from EMR.
 - Meditech:** This filter provides COVID-19 immunizations and Influenza immunizations from Meditech.
- ‘Show’ filters are provided at the top right of the screen:
 - All:** This option will provide you with all immunizations from Community Health (since 2003) and Community Pharmacies, and COVID-19 immunizations and Influenza immunizations from EMR and Meditech.
 - COVID-19 only:** This option will provide you with COVID-19 immunizations only, depending on the **Source** selected.

Immunization Detail

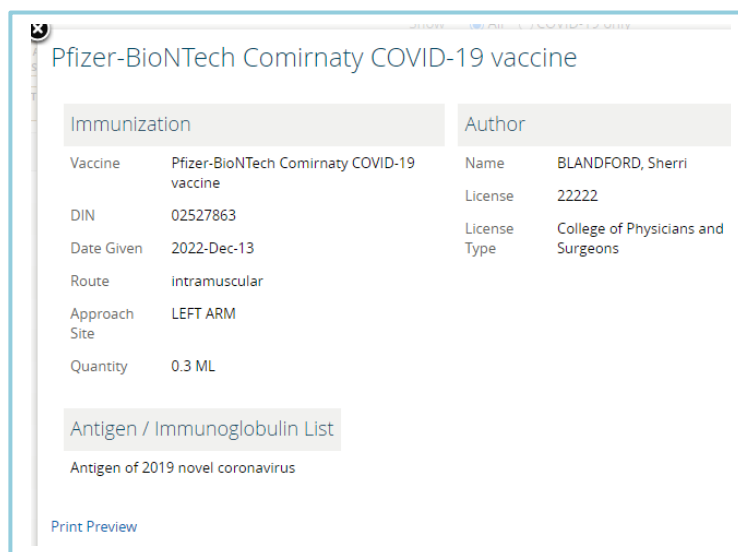

To view more detail about an immunization, complete the following steps:

The screenshot shows the 'Immunizations' table with filters for Source (Community Health, Pharmacy, EMR, Meditech) and Show (All, COVID-19 only). Two warning messages are displayed above the table. The table has four columns: Date Given, Vaccine, Antigen / Immunoglobulin, and Source. A red arrow points to the second row of the table.

Date Given	Vaccine	Antigen / Immunoglobulin	Source
2023-Oct-13	Pfizer-BioNTech Comirnaty XBB.1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy
2023-Oct-13	Pfizer-BioNTech Comirnaty XBB.1.5 COVID-19 vaccine	Antigen of 2019 novel coronavirus	Pharmacy

- From the immunization table click on the applicable immunization.

The screenshot shows the 'Pfizer-BioNTech Comirnaty COVID-19 vaccine' detail page. It features two main sections: 'Immunization' and 'Author'. The 'Immunization' section contains fields for Vaccine, DIN, Date Given, Route, Approach Site, and Quantity. The 'Author' section contains fields for Name, License, and License Type. Below these sections is an 'Antigen / Immunoglobulin List' and a 'Print Preview' link.

Immunization		Author	
Vaccine	Pfizer-BioNTech Comirnaty COVID-19 vaccine	Name	BLANDFORD, Sherri
DIN	02527863	License	22222
Date Given	2022-Dec-13	License Type	College of Physicians and Surgeons
Route	Intramuscular		
Approach Site	LEFT ARM		
Quantity	0.3 ML
